Hi Bruce,

I trust this email finds you well and ready for spring...

Here is a quick update from my end: My franchise agreement term is coming to an end in the next few days and I plan to remain an independent contractor for placements in the region. My new emails will include sustainedcareservices@gmail.com and advisor@aginghappens.com. At this stage I am not sure whether I will retain my CarePatrol email as a contractor and will let you know asap.

The aginghappens.com website will most likely develop into an education platform, which is why I include the sustainedcareservices contact.

I do have a question regarding placement software please: since my initial contact with you I appreciated your informative sessions, which included two guys from microsoft showing their placement CRM software. Are you using it and what was the name?

Thanks and have a great week!
